

CLEARsplint is the superior and optically clear nightguard with **FLEX**.

- Optical clarity is nearly invisible while wearing
- Composite formulation, a mixture of powder and liquid, can be press-packed or poured
- Material is stronger with greater stability, ideal for bruxism patients
- Amine-free to never yellow
- MMA-free* to eliminate allergy problems
- Self-adjusting when placed in warm water before inserting in the mouth
- Wearability and patient comfort are rated excellent

* MMA - methyl methacrylate
